VisionSupport@VisionICT.com>

Thank you for your email. We are indeed ready to assist you with upgrading to a gov.uk email. Our current setup cost is £125 + VAT, with a biennial renewal fee of £65 + VAT. Additionally, each email address is priced at £20 + VAT.

For gov.uk domains, at least one role-based email, usually clerk@, is required. You have the option to choose between barnton-PC.gov.uk or barntonparishcouncil.gov.uk for your address.

Furthermore, you can apply for a government grant of £100 + VAT to help cover these costs. Once your application is approved via this link, we can apply the grant towards your invoice. Link - <https://forms.gle/Xo87idUokRi5orN19>

If you decide to proceed, please provide the following details:

Contact name
Domain name (as above)
Council name
Council address
Contact email
Contact telephone

I am looking forward to your response.

Kind regards,
Magda Vonk
Sales and Project Manager

Central Digital & Data Office

Eligibility for gov.uk funding support

This form should take no longer than 5 minutes to complete.

Please complete this form if:

- You are the clerk or other representative of a parish, town or community council in England;
- You wish to access £100+VAT funding from the Cabinet Office, to contribute towards the initial set up of a gov.uk domain or services connected to it (e.g. gov.uk website or emails);
- You are using one of the .gov.uk Approved Registrar companies on the Parish Council Domain Helper Service shortlist.

Please note: if you are responsible for multiple parish councils, please only submit this form for the one for which you are transitioning to a .gov.uk domain. If you are transitioning multiple parish councils simultaneously, please submit the form **once per council**.
